## Option:

- 1) Variety size of polyurethane, nylon and rubber steer wheel, single or tandem load roller of polyurethane, nylon and iron.
- 2) Stainless steel , zinc or hot-galvanized type.
- 3) Be equipped with scale, load bracket, brake and etc.
- 4) Super long and wide forks size, roll pallet truck and rough terrain pallet truck.

Special size of width and length can be made according to customer's requirement, All specifications and figures are subject to change without notice for improvement.

**SINOLIFT**  
For material handling

**NA/NAL/NASL Series**  
PREMIUM HAND PALLET TRUCK  
ISO9001  
CE

*Easy Lift, Easy Life!*

**1,500/2,500/3,000/5,000 KG LOAD CAPACITY**  
**3,300/5,500/6,600/11,000 LBS LOAD CAPACITY**

### Exceptional Value

SINOLIFT hand pallet trucks thrive in a variety of applications, being used by operators of all experience levels. Maneuverable and easy-to-use, these hand pallet trucks are a dependable source for moving materials in your application.

### Features

- Reinforced ergonomic handle.
- Polyurethane/nylon/rubber steer wheels.
- Polyurethane/nylon/iron load rollers.
- Entry/Exit roller system.
- 12 Grease zerks at the pivot points.
- Special "Ω" shape push rod for every SINOLIFT NA、NAL & NASL series hand pallet truck.

### Warranty

- 3 years on full pump jack replacement.
- 1 year on all other parts.

1 . Quality

Solid Construction

The cast iron , one - piece pump features a controlled lowering rate valve to reduce product jarring and a chrome - plated piston for longer pump life . polyurethane seals at high pressure points help ensure your load gets off the ground quickly , reducing the fatigue on operators.

2 . Durable

A Rugged Frame

Engineered from thick homogeneous steel , the frame features temperature - controlled robotic welds to maintain material strength and powder coat paint for additional protection in tough applications.

3 . Reliable

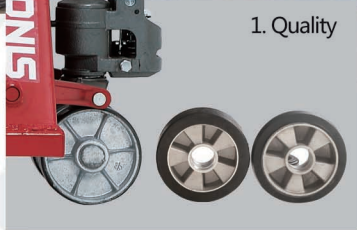

Easy - to - use

Steel entry brackets and a trouble - free entry / exit roller system provide ease of entry when moving pallets. Adjustable push rods on the reinforced " C " - channel forks resist twisting under heavy loads , making the hand pallet truck easy - to - use in a variety of applications .

4 . Comfortable

Ergonomic Handle

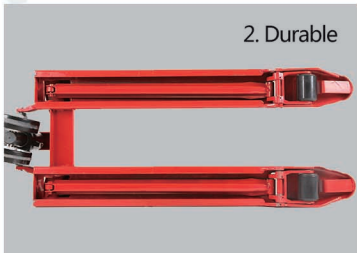

Designed to reduce operator fatigue and improve productivity the truck ' s handle features a neutral setting and a spring that returns the handle into an upright position when released.

Wheel Configuration – Hand Pallet Truck

	<b>Nylon</b> Choose nylon pallet truck steer wheels for low rolling resistance and long life at a low cost.
	<b>Polyurethane</b> Choose polyurethane treaded pallet truck steer wheels for quiet running and better grip.
	<b>Steel</b> Choose steel steer wheels for harsh working environments such as metal working areas.
	<b>Rubber</b> Choose solid rubber treaded steer wheels for quiet running over uneven surfaces.

Load Wheels	
Standard fitment on our hand pump trucks is the single load wheel for smooth operation on uneven surfaces and crossing sills choose tandem load wheels.	
Single	Tandem

Tiller Options

	3 position spring-loaded pump handle with leakproof hydraulic system delivers dependable performance for lifting, neutral and lowering the load.		Entry rollers prevent physical exertion of the operator and protect load rollers and pallet.
	11-gauge steel forks with powder-coat paint finish. Tapered ends provide smooth entry into pallets.		Overload release valve will protect the pallet jack truck from over loading by opening the release valve.
	Robotic welding technology provides superior finish and overall structural durability.		All pivot points are greased ensuring excellent maneuverability with effortless steering.
	All back forks have strengthening units to ensure durability of the truck.		Top quality Japanese origin seal kit makes the hydraulic system virtually maintenance free and long lasting.
